JCounter

JCounter is an application that enables you to count anything (cars on a junction, items in inventory, etc.). Just choose a step of adding and press the Send Key over and over again to see the total.

Running JCounter

Minimum Requirements
Please check your phone's Java memory before installing any applications. For instructions on how to check your Java memory and on how to install Java applications, please refer to your phone's User Guide. For downloading this application, 8 K of memory is required. Program Memory space of 16 K and Data Memory space of 4 K is needed for the installation.

Starting JCounter
1. From the idle screen, press the **Menu key**.
2. Scroll to **Java Apps** and press SELECT.
3. Scroll to **JCounter** and press SELECT.

Loading
A splash screen appears displaying the name of this application, the version number and an image.

You can click any key to display the next screen, the **Main Screen**. If you do not click a key, automatically after 2 – 3 seconds the **Main Screen** will be displayed.

Main Screen
The **Main Screen** presents you with short instructions. Select COUNT to access the **Count Screen.**

Other commands of the Main Screen are RESET, HELP, ABOUT, and EXIT.
Select the RESET command to permanently delete the results of the current count, so you can begin another count. Select the HELP command to see the **Help Screen**, the ABOUT command to see the **About Screen** and the EXIT command to exit the program.

Count Screen
The **Count Screen** is where you add items and view the total sum. You can see in the image below the total displayed and the current step displayed. By default the step of adding is 1, which means that each time you add, 1 is added to the sum. You can change the step at any time by pressing one of the Numeric Keys. The step can be between 1 and 9.

Press ADD or the Send Key to add items to the total sum using the given step. The three last items added are presented on the screen, with the last item added on the top. On the image below you can see the time of adding and the adding step of the three last items added.

Press the soft key under BACK to return to the **Main Screen**. Please, pay attention that pressing BACK will not reset the JCounter. To reset the JCounter and begin a new count press BACK (which would take you to the **Main Screen**) ,and then select RESET in the menu. This action will reset the JCounter. You can then press COUNT again to begin a new count.

Accessing Help
On the **Main Screen** select the HELP command to see the **Help Screen**.

About JCounter
On the **Main Screen** select the ABOUT command to see the **About Screen**.

Exiting the Program
On the **Main Screen** select the EXIT command to exit the program.
